

AUSTRALIAN Premium

DRIED FRUITS

Certifications

Australian Premium Dried Fruits holds a number of certifications to assess, monitor and ensure the safety of our food products. This is carried through the entire supply chain to ensure world's best practise and that food safety remains paramount for all stakeholders.

TOMRA 5C SERIES

- Yield improvements of up to 4%
- Capacity improvements of up to 50% with a small footprint
- Elimination of allergen cross contamination objects
- Outstanding detection performance of fungi and other defects such as aflatoxins and mycotoxins
- Market-leading minimization of collateral ejection while maximizing defect removal

We have increased this specific product's production by 20-25% – producing at higher volumes, in less time, and with less labor required.

Certifying to the BSI HACCP & GMP Certification Criteria will give you industry recognition for your food safety management system.

The SQF Code is a site-specific, process and product certification standard with an emphasis on the systematic application of CODEX Alimentarius Commission HACCP principles and guidelines for control of food safety and food quality hazards.

AUSTRALIAN Premium DRIED FRUITS

Company Overview

Australian Premium Dried Fruits are a 100% Australian owned, grown and packed dried fruit processor and are proud to be the leaders in the production of unrivalled quality, premium dried vine fruit.

The people behind the business have been involved in the Australian dried fruits industry for up to 40 years producing some of the finest product globally. Their dream of building a processing facility to highlight the premium characteristics of their Australian dried grapes is now a reality and the reason for the premium quality reputation the company enjoys.

The Australian Industry has a rich history of over 100 years. Some of the growers who are part of the APDF team are 4th generation farmers, who's grandparents founded the Australian industry in the early 1900's.

By managing the whole process from farm to plate we ensure complete product integrity and a memorable customer experience. We strive to be a clean, green and sustainable producer of the worlds best dried grape products.

100% AUSTRALIAN

Our focus is purely on Australian produce, with a commitment to Australian farming and production.

QUALITY

Quality focus is paramount in achieving the best quality product that the global market can source.

FAIRNESS TO GROWERS

The future of our industry depends on the viability and sustainability of our valued growers. A healthy supply from grower partners is integral for a long future.

PIONEERING & INNOVATION

The 100 year old industry has been able to maintain its quality image and stay competitive by being at the forefront of dried fruit production.
